

PRESS RELEASE

New Vicon Website is Live

5th December 2022, Klepp, Norway

The Vicon agricultural implements website is launched with a brand new look and feel. Along with new modern design, product information is more accessible and easier to navigate on ien.vicon.eu. With the enhanced layout and updated navigation menu, visitors can more easily and quickly find product information.

Featured on the new website is Vicon's product offering for efficient farming systems, highlighted product features, farmer testimonials, videos, and brochures. Improved responsiveness and faster loading time, are also important parts of the new website design.

We invite you to visit the new website at ien.vicon.eu

Number of characters including spaces: 628

Kverneland Group is a leading international company developing, producing and distributing agricultural implements, electronic solutions and digital services. Productivity, efficiency, and sustainability are three important principles in today's agriculture, driving us every day to continuously develop our Agricultural Implement Technology. Kverneland Group offers an innovative range of soil and seeding equipment, forage and bale equipment, spreading, spraying, electronic solutions and digital farm services for agricultural tractors and implements.
